

www.daveclare.com

Our fees are designed around a few key factors. Time required to present, preparation requirements, distance and No. of days away for multi-day trips. The lowest fee we have is for a local presentation taking a half-day or less and the highest is for a presentation requiring a multi-day trip and a significant preparation.

At www.daveclare.com, our practice is that all fees are quoted as "presentation fee plus expenses". For example a \$1,000 fee covers the presentation. Expenses such as air travel, lodging and rental car and so on are additional, except when they are embodied in a written agreement.

The following Rates are subject to change and may be negotiated based to opportunity.

Standard Presentation

While standard, the presentation will be tailored to your audience's needs and interests. It will be based on a presentation from our archive of past speaking engagements.

\$1000 – Thirty minutes to one hour presentation.

Custom Presentation

We will tailor make an original presentation that is targeted specifically to your audience's needs and interests. Our fees may vary depending on preparation required, length of presentation, content, and type of presentation. Minimum starting fees are as follows:

\$1,500 – Thirty minute presentation

\$2,500 – One hour presentation

Charitable/Cause Worthy/Gratis

We offer a limited number of speaking engagements to clubs, associations and educational institutions free of charge. Presentations may still be subject to expense coverage.

Terms

To secure a speaking date, a 50 percent deposit will be payable upfront upon contracting our speaking services. The deposit is refundable if cancellation is received 20 working days prior to the event. If canceled less than 20 working days prior to the event, the deposit is non-refundable.
